About This Workspace

Two desks on the ground floor of a Mayfair townhouse, with someone on the front desk to take your post. That is the whole proposition, and for a founder pair or a family office outpost it is enough. 4 Hill Street was built as a house on a street laid out in the 1740s, and this is the quiet rear room: high ceilings, the original proportions, furnished, a kitchenette on hand, access at any hour. Berkeley Square is at the end of the street and Green Park about seven minutes away. Right for two people who need a door they can close in Mayfair.
